Plant Panels (DCS)

One stop solutions for Panels

“ Omron and Vashi Electricals have been associated with each other for a long time and the relationship has blossomed over a period of time with mutual respect. Omron sincerely values the contribution of Vashi Electricals and nothing else but they are part of Omron. We value their professionalism and the competency, the dedication and commitment is immense. They are our strong partner for the ambitious growth expectation which we have and we are confident. We are fortunate to have such a great association with Vashi Electricals in the days to come they will write a different panorama for the emerging markets. We wish them all the Best! ”
